

## KEITH HEADS GOLF CLUB THIS SEASON

Fees Reduced to \$5.00 and Larger Membership Expected—Small Debt Recorred Last Year—Season of Play About Over

The Bassano Golf Club held an organization meeting last Monday morning, March 29, and elected officers and mapped out plans for the coming golf season.

Although the meeting was not largely attended considerable golf enthusiasm is evident in Bassano this spring, and the club expects a large membership and greater activity than last year.

Following are the officers for 1931: President—Dr. W. F. Keith; Vice Pres.—W. A. McKee; Sec. Treas.—Walter K. Webb; Dr. A. G. Scott chairman of the greens committee.

The financial report showed a deficit of about \$15.00 on last year's operations, but when uncollected membership fees are paid up, there will be a small surplus. Considerable money was paid out last year for building two new greens and putting off and on all the greens.

The membership fee has been reduced from \$10.00 to \$5.00, and this is expected to be an inducement for more players to join the club. Many had previously signed their intention of joining if the fees were substantially reduced. The ladies membership fee is \$2.50 and the same figure for juveniles under 18 years of age.

The tees, fairways, and greens are in need of improvement, and work will be started on them at once. The course must be leveled and made firm and solid; the greens will be smoothed off and covered with a fresh layer of oil seed sand, and some improvement will be made in the fairways by filling gopher holes, etc.

The golf club is looking forward to a successful season.

## SCHOOL REPORT

**GRADE 1**  
1 Stanley Stornes, 3 Richard Walsh and Martha Remene, 3 Roy Clines, 4 Henry Morrison, 5 Peter Smith, 6 Clara Kump, 7 Bertha Berger, 8 Gordon McLaws, 9 May Rhine, 10 Dale McBride and Mabel Malory, 11 Norman Isenberg, 13 Jimmie MacLean, 13 Olga Chisak, 14 Joe Howe, 15 Tommy Bell, 16 Bertha Berger.

**GRADE 2**  
1 Billy Plumer 58.8; 2 Graham Fathro and Edna Sambores 55.5; 3 Ruth Appleby 55.4; 4 Betty Hama 54.8; 5 Irene Lippert 55.7; 6 Alby Cawsey and Bertha Reimche 52.7; 7 Mary Walsh and Trent Taylor 52.5; 8 Nora Schaffer 51.5; 9 Lillie MacLean 51.1; 10 Ruby Bell 50.8; 11 Violet Taylor 50.1; 12 Leslie Love 49.5; 13 Jack Howe 48.4; 14 Chester Lewis 48.4; 15 Johnny Landstad 46.1; 16 Helen Sammons 45.5; 17 George Taylor 40.1; 18 Willie Schaffer 37.1; 19 Rode Solenik 31.5.

**GRADE 3**  
1 Christine Phylar 74.7; 2 Bobbie Currie 66; 3 Ellen O'Keefe 55.4; 4 Bobby Pragnell 55.5; 5 Norma Engle 51.7; 6 Eric Krink 50.2; 7 Reuben Landstad 49.7; 8 Freda Schaffer 48.9; 9 David Walsh 48.1; 10 Gerald McBride 45.9; 11 Colina Morrison 45.5; 12 Richard Travis 45.1; 13 Opal Taylor 42.4; 14 Nellie Kump 41.5; 15 Tommy Pragnell 31.4.

Not ranked John Berger.

**GRADE 4**  
1 Jack McFarlane 94; 2 Katie Berger 93.7; 3 Robert Schaffer 94.2; 4 Jack Cawsey 93; 5 Douglas MacLean 92.9; 6 Kathleen Smith and Harold Reimche 92.7; 7 Caroline Boeser 91.7; 8 Violet Hama 91.5; 9 Archie MacLean 91.4; 10 Mary McDonald 91.3; 11 Jean Marquardt 91; 12 Jimmy Honey 90.7; 13 Ramsey Broadfoot 90.6; 14 Minnie Kump 89.4; 15 David Gamble 88.1; 16 George Marquardt 88.1; 17 Dana Berlage 86.5.

Not ranked Edna Maseley and Shirley Holmes.

**GRADE 5**  
1 Jennie Ungert 91.4; 2 Ross Schaffer 91.4; 3 Sylvia Schaffer 89.7; 4 Peter Adler 88.7; 5 Gussie Allen 85.9; 6 Dorothy Lewis 85.7; 7 Amed Zelenski 85.3; 8 Gussie Smith, and Maud Zelenski 84.4; 9 James McBride 82; 10 Walter Bassano 80.5; 11 Pamela Gilkes 80.7; 12 Nola Love 80.5; 13 Edna Lippert 78.7; 14 Henry Lippert 78; 15 George Howe 78.6; 16 Vera Hermann and Richard Reid 77.4; 17 Mary Sheike 77; 20 Raymond Marriot 76.3; 21 Ronald MacLean 75.5; 22 Agnes Reimche 74.6; 23 Oscar Isenberg 73.7; 24 Baby Travis 72.3; 25 Bobbie Bae 72.1; 26 Naira Hama 71.7; 27 Norman Stiles 66.7; 28 Corvella Kump 52.8.

Not ranked Oscar Reimche.

## Sparks and Flashes From the Anvil of Parliament

(By T. H. Windsor)

The 1931 session of the Alberta legislature has drawn to a close after one of the most strenuous periods in the legislative history of the province.

There has been more of life in the session just closed than in any session for years. This fact is largely due to there having been stronger opposition across the floor of the house from the treasury benches than there has been for some time.

The combined opposition of the Liberals, Conservatives, Labor and Independents has been numerically greater and for that reason, as well as for others, more effective. It is true that there has not been any sort of unity of plan or cooperation between the various opposition benches in the house, each of them having acted alone, but there has been a sincere and constant watch kept on the actions of the government benches that has placed the general opposition in the position of the "faithful guardians of the people's interest."

As a result of this administration has not felt as snugly secure in the conduct of affairs as in former years. The mischievousness of Biowale has not been able to look on the antics of the opposition with the same calmness and aloofness that he has to a very large extent marked the session.

Perhaps one of the most striking results of this has been the demonstration to the electorate—even to the farmer section of the electorate—that the U. P. A. government is not in a position to carry out its policy as it has been suspected of being.

As for as the government is concerned, its record for the session has been and will be a record for the charges that it has been a "one man government." Premier Biowale as a man, as a politician, and as a strong leader stands head and shoulders in ability as a resourcefulness above his cabinet ministers. The question has been asked many times on the street, "What would happen the U. P. A. if it were to be taken back?"

**Duchess News**

**DUCHESS**, April 1—Mr. and Mrs. Gilchrist and family motored over to Queenstown on Thursday. Danny and Loretta staying until Sunday.

Mr. and Mrs. McCaffery, Mr. and Mrs. Lawrence Harrington, of Brooks and Mr. and Mrs. Allen, and Mr. and Mrs. Gilchrist, of Queenstown, were dinner guests at Gilchrist on Sunday.

Margaret Woodward visited her parents here this weekend.

Harry Sheldrake returned home from Calgary Saturday.

Mr. and Mrs. Pat Ward and family have moved to the country.

Mr. and Mrs. Harry McMahon are moving into the Sam Howe cottage on a main street.

A number of Duches folk attended the dance in Tilley last Friday night, and enjoyed themselves very much.

Mrs. Hale returned from Calgary Friday evening.

Miss C. E. Spicer spent the weekend with her father.

Mr. and Mrs. Palmer went to Bassano Sunday. Beryl who has been ill in the Bassano hospital, for some time returned with them.

Mr. Axel Dahl has built a new garage for Mr. Spicer.

Mr. Slater motored to Bassano Sunday.

Mr. and Mrs. Hasler and family spent Sunday evening at the home of Mr. and Mrs. Cuvillig.

Mr. George Hanson is scraping and polishing floors for Carl Sison this week.

Mr. and Mrs. Elmer Sison and family were guests at the home of Mr. and Mrs. Jess Ford at Millmont on Sunday.

Mr. and Mrs. Axel Dahl are the proud parents of a baby girl, born March 25.

Mr. and Mrs. Ross and daughter of Bassano were Duches visitors Sunday.

**EASTER SERVICES**  
Special Easter service in Knox Presbyterian Church next Sunday, April 5, at 11:30 a.m. Evening worship at 7:30 p.m.

Easter service in the Anglican Church at 7:30 p.m.

## Hussar News

**HUSSAR**, April 1—Much important business was transacted at the March meeting of the Women's Institute at Mrs. Montgomery's on Thursday, Mrs. E. J. Bell, Bow Valley, presided.

The speaker was a clever and straight fighter, and the criticism of the opposition during the closing session have given him a greater chance to demonstrate his ability as a leader in debate than he has had in previous sessions. Every time the administration was hard pressed during this session it was the president's personal part in the government's defense tactics that saved the situation. If the U. P. A. has come out of the ordeal of the session scathingly it has been because of the mismanagement of its chief—more than any other reason. Certainly no other cabinet minister can take credit to himself for the great effectiveness in the defence of the "farmers' cause."

The tactics of the opposition, perhaps more especially of the Liberal group, has been to point out the weaknesses in the policy of the government. The opposition benches have been able to get no chance for effective criticism pass, however small it might be. And as a result, the opposition benches have been alive with activity.

It is in parliamentary usage the recognized duty of the opposition to be careful that on all the government is doing and to secure a vote, confident that all its doings will be passed over carefully. A strong opposition, under leadership, is the best thing for the province in its legislature.

This year new leadership has marked the opposing groups in the legislature. The introduction of new blood and new campaigning has been all to the good.

The Liberals especially have been busy in the audience of the U. P. A. (continued on back page)

**The Pictures**

Love and laughter, romance and high finance, mingle in a rapid-fire blend of hilarious comedy in "The Girl Said No," his all-talking Metro-Goldwyn picture, which is being shown at the Orpheum Theatre this Thursday, Friday and Saturday, April 2, 3, and 4.

His picture has Haines as a "chap fresh from college, with a diploma, a swelled head and a bagful of 'wise cracks'." The plot depicts his adventures in the city, his love life and his early struggles with the world of business and competition.

It's a cross section of the college student on the country, from the first to be lamed by responsibility and hard work. Poignant drama, heart throbs and a charming romance mingle with thrills and laughs. It's one of the closest things to real life the screen has given the theatre and it's great entertainment.

Haines starts with pranks and comedy; he meets a girl in an office and falls in love with her; gets his first job; is fired; his father dies and he shoulders the responsibility for the family; and a whirlwind finish sees him "come through." The hilarious incidents include a break-neck automobile escapade and a drive to an actual Wall Street brokerage house in full operation in the heat of trading. The human interest lies in the intimate touches of family life. Coupled with a college party, a night club and the graying of a wedding and all the typical Haines whimsicalities.

Sam Wood directed the picture.

**BISHOP SHERMAN HOLDS  
CONFIRMATION SERVICE**

Bishop Sherman, of Calgary, conducted confirmation service in the Anglican Church, Bassano, Tuesday evening, March 31. There was a fairly large attendance, and six candidates were confirmed.

**EARLIER PUMPKIN**  
Owing to the change in train service on the branch lines The Bassano Mail will in future be issued on Tuesday afternoons, instead of Friday.

## TENNIS CLUB PREPARES TO START SEASON

**Officers Elected at Annual Meeting—Fees Fixed at \$5, \$5 and \$2—Fees Work Will Put Courts in Shape**

A new slate of officers to manage the Bassano Tennis Club was chosen at the club's annual meeting. In the office of Wm. McLaws last Tuesday evening, March 31.

Following are the officers elected: President—L. M. Whitehorn; Vice Pres.—W. J. Redmond; Sec. Treas.—Wm. McLaws. Two executive members—Miss E. McFarlane and Lloyd Leonard.

The Entertainment Committee—Mrs. Wm. McLaws, Miss J. Haworth, and Miss I. Johnson.

The fees will be the same as last year, namely, \$5.00 for men, \$2.00 for ladies, and \$2.00 for school pupils. The club has only a little more than one dollar in the treasury, but it is expected that fees payable this year will be sufficient to pay operating expenses. With some repairs the nets can be made to last the season, and the rackets are good enough to last many weeks of play.

The only expenditures necessary during the early part of the season will be for carrying.

The club decided to accept the offer of the golf club to unite in holding a joint tennis and golf dance, and the entertainment committee will interview golf officials for arranging date and other details.

**Countess**

Countess, April 2—Dr. Davidson and Miss Joan Smith of Calgary spent Sunday with Mr. and Mrs. A. M. Anderson.

Paula Bagnows was a patient at Bassano hospital for a few days this week. There he had his tonsils removed.

The C. P. R. carpenters made a jump on the line pick last week where they were repairing broken rails.

Mr. and Mrs. Callison and Mrs. Williams, motored, to Edmonton last Sunday, and will be back with their children who attend school there.

Mr. E. R. Heil, entertained some friends at bridge Sunday evening.

Paula Bagnows was a patient at Bassano hospital for a few days this week. There he had his tonsils removed.

**Easter Monday Whist  
Drive and Dance**

The next big social event in Bassano will be the Anglican whist drive and dance Easter Monday, April 6th.

Preparations have been made to give the patrons of this affair a most entertaining time, and everybody is assured of a pleasant evening.

There was no school this week, and also played by those who prefer this game.

The ladies have planned a delicious lunch which will be served following the card games. After that dancing will be enjoyed.

The whist drives and dances in Bassano this winter have been well patronized, and the Anglicans are preparing to entertain a large crowd.

**Farmers Return To  
Work In Fields**

Farmers returned to their cultivating and seeding operations this week following a short delay caused by the recent snow storm and cold snap.

There was not sufficient moisture to delay farm work, but it will be of a little help in germinating the seed. The soil is quite dry for a week, and a week's rest, but some moisture is found below that.

He left on Tuesday to return to his home in Springfield, Minnesota, where he has a position in a service station.

Mr. H. Hole and her sister Evelyn left on Thursday to spend the weekend in Calgary.

Vacation brings from Calgary Miss Gussie (Jeffrey) to Miss Bertha Holand, and Jason Bell, to spend the holidays in their respective homes.

W. G. Nelson motored to Calgary Thursday to attend the spring horse show.

## NURSERY INDUSTRY BEING BUILT UP

Proprietor Hopes to Supply Large Quantity of Trees, Shrubs, Plants, and Flowers of All Kinds in Few Years' Time

It is not commonly known in this district that Bassano has a nursery growing trees, plants, and flowers of various kinds. H. O. Bacon is the proprietor, and started his year to establish and build up a nursery here.

Mr. Bacon says it will require several years to build up his nursery to a capacity of large production, but already he has a considerable stock of popular, willow, and ash trees, current bushes, strawberry plants, tomato, cauliflower, and cabbage plants, and flower plants of all descriptions. In his green house he is also raising flowers for the local market.

The nursery grounds consist of 36 lots all in one section most of which the proprietor acquired last year. The grounds are watered by irrigation water from the town irrigation system.

**ORPHEUM THEATRE  
TALKING PICTURES!!**

### Itally Deprived Of Decoration

Holders of the celebrated Victoria Cross, highest award for gallantry in Britain's army, will not, in the future, be automatically deprived of the medal if convicted of "treason, cowardice, felony or any other infamous crime," as has been the case in the past.

This important change is one of the new provisions governing military medals announced in the London Gazette. It is stipulated, however, that the award of the V.C. may be cancelled by the King, who may also restore the decoration, if and when the recommendation for annulment is withdrawn.

passenger retorted, "I  
ere half a lady, you w

The State Legislature of California is seriously considering the prohibition of the import of bananas. For what? Why? Not because the banana is grown in California and so the import of the foreign-grown banana would interfere with the home-grown product. The argument for prohibiting the importation of bananas is in the logic of the protectionist. The eating of bananas as the protectionists in California see it, means less eating of peaches and other fruit grown there. So the eaters of bananas have to curb their sinful appetites when it comes to their favorite fruit. To make it all the easier for them to do this there are to be no more bananas in California if the legislators of California are to have their way.—Lethbridge Herald.

Perhaps the world may owe  
a living, but you will die of stan-  
tion if you sit down and wait for  
to call and settle.

**Will Be Used In The Treatment Of Cancer Patients**

A giant X-ray tube, developing 600,000 volts, has been developed at the California Institute of Technology, for treating patients suffering from cancer, a formal statement issued by the Institute announced.

The statement said that. "As Dr. Robert A. Milliken has previously stated, the institute does not profess to have discovered a new cure for cancer; the principal hope is, that if results are favorable, other tubes of similar type will be placed in operation in hospitals in other sections of

## DIVERGENT VIEWS EXPRESSED IN COMMONS DEBATE

Ottawa, Ont.—Political leaders in Quebec Federal politics swung into action in the House of Commons. In continued debate on the address in reply to the speech from the Throne, Hon. Arthur Meighen, postmaster-general, and Hon. Ernest Lapointe, former minister of justice, expressed divergent views.

Mr. Meighen spoke first. It was his initial speech in the House of Commons, and his reception, especially when he spoke at some length in English, was hearty. He defended the government, reviewed what has been done to aid the unemployed and assist the farmer, and asked for co-operation of all parties to make the coming economic conference a success. He also remarked that, in denouncing the action of the government in respect to the crisis, the leader of the opposition was actually denouncing the Quebec government.

Hon. Ernest Lapointe, veteran of 24 years in parliament, found in the last Imperial Conference, ample reason for criticism of the government. Mr. Lapointe, who has himself represented Canada at Imperial Conferences, censured Premier R. B. Bennett for the mercenary spirit which he claimed had animated him in his negotiations.

"The British Commonwealth is an idea; it is a soul," asserted Mr. Lapointe. "To base it on a mercenary foundation is a great disaster. The tie of sentiment is thin, but it is strong. It may mean weak, it may be invisible to those who cannot see anything outside a ledger, but this tie has proven equal to the test to which it has always been put in periods of trouble and difficulty."

Mr. Lapointe had criticism for Mr. Bennett in the ground of interference in British domestic policy.

"For force protection upon Britain, as the prime minister of Canada tried to do, was not only basing the Empire on an economic fallacy, but it was interfering in the most direct way with the domestic policy of the United Kingdom," charged the former minister of justice.

Miss Agnes MacPhail, Progressive member for Southeast Grey, and the only woman member of the House of Commons, followed Mr. Lapointe.

In his speech Mr. Meighen made direct reference to Miss MacPhail. He said that the arguments advanced by her in speech had been "born of such a subtle character as to induce me to excuse her for the stand she has taken toward resistance to the granting of the franchise to women."

"In fact," added Mr. Meighen, "I am coming more and more to an acceptance of the idea of the granting of this franchise."

### Bill For Oil

Winnipeg, Man.—It is understood here that an oil company, name unknown, will spend \$250,000 in testing property in the town of St. Boniface, adjacent to Winnipeg. It is reported that a 60-day option has been let by the St. Boniface council on a block of 14 acres at a price of \$2,000 an acre.

**No Change In Construction Program**  
Prince Albert, Sask.—There will be no change in the \$3,000,000 construction plans of the Canadian Pacific Railway in northern Saskatchewan, it was emphatically declared here by D. C. Coleman, Winnipeg, vice-president western lines, Canadian Pacific Railway.

### Wolves Terrorize Settlers

Sault Ste. Marie, Ont.—Wolves in large packs, coming down from the hills in Marquette township, east of the city, are becoming such a menace around the scattered settlements that the town of Marquette is now in the woods except in numbers, according to word received here recently.

### Honored By King

London, England.—The King invited the Earl of Beasborough, Governor-General designate of Canada, with the baroness and Mr. George Lord and Lady Beasborough had luncheon with Their Majesties after the ceremony of investiture.

Sports will be featured at this year's fair at Cologne, Germany.

## Disorders In India

Compensate Things About Down 20

Holding Nationalists

Karachi, India.—Turnout broke out again in India as Mahatma Gandhi, leader of the Nationalist Congress movement, was seized by Communists, and troops at Cawnpore shot down at least 20 rioting Nationalists. The disorders grew out of the execution last week of three Indians convicted of the murder of a 21-year-old police official in 1928. Gandhi was taken of a train 12 miles outside of the town, but the thousands gathered here for the Congress meeting spotted him as he rode into town in an automobile.

A group of 30 or more, known to be of Communist leaning, made for him with jeers and one even made as though to attack the frail little man with a flag staff. Some carried a tray with a gruesome mess of mud and blood.

"Here is the blood of our brothers who were murdered," they cried, referring to the three executed Indians. "Take it back with your trace to Delhi."

Gandhi's men drove off the assailants, and there were cheers for Mahatma.

The day at Cawnpore was even leading economic experts. Sir Josiah Stamp, was recently named as head of the royal commission to inquire into grain trading in Canada. Premier R. B. Bennett told members of the House of Commons that Sir Josiah will sail this week for Canada.

It was known that the British economist had been invited to represent the Dominion Government, but he had declined the offer.

It was first announced that he had accepted the post. The royal commission is to consist of three members, one of whom will represent the Grain Exchange and another is to be chosen by the private producers to represent the farmers.

Quintana has associated the name of Premier J. E. Brownlee with the position of grain growers' representative, but Mr. Brownlee has denied that he would accept the post.

Sir Josiah Stamp has for many years been regarded as an outstanding expert in financial matters. He has had a distinguished academic career and has frequently represented the British government on financial commissions. In 1919 he was member of the British royal commission on income tax, and in 1924 he was member of the committee on taxes and national debt, and in the same year was British representative on the Dawes reparations commission. His most recent task has been to seek means of accomplishing economic co-ordination of British railways.

Appointment of the royal commission has followed expressions of opinion in Western Canada that grain futures in the United States are detrimental to the best interests of the producers.

Recent indications are that work of the commission will be confined to an investigation of this subject, although it appears possible the scope of the inquiry may be extended to include whole questions of marketing of the wheat crop.

### To Dispose Of Wheat

Senator Borch Will Donate Surplus Wheat In United States To

China

Washington, D.C.—Old suggestion that the surplus wheat held by the National Grain Stabilization Corporation, amounting to over 200,000,000 bushels, should be turned over to China, should be given effect by the U.S. senate, as proposed by Senator William E. Borah.

Such action would require an act of congress. Wheat held by the corporation has been bought and paid for, and the policy of the Farm Board is that it shall not be given away.

Borah's idea was that a gift of the wheat to China would create an appetite for wheat bread among the 400,000,000 Chinese which would result in largely increasing the market for wheat in that country.

### Well-To-Do Farmers

Toronto, Ont.—The well-to-do middle class farmer had by no means disappeared. Hon. Duncan Marshall, former Minister of Agriculture in Alberta, told a meeting of advertisers and salesmen here when discussing farming conditions in western Canada. He believed that present difficulties would be overcome by farmers. Generous loans to farmers by bankers at low rates of interest were a necessity, however, he said.

### Followed Nurse Cavell

Brussels, Belgium.—It was belatedly learned here that Miss Anne Scott-Jones, 56, who gained fame as a nurse in the Great War, died March 21. Miss Scott-Jones assumed the mantle of the English Nurse Cavell, shot as a spy by the Germans during the war. Following Miss Cavell's execution, she assisted Allied soldiers to cross the Dutch frontier.

### Will Entertain Governor-General

Ottawa, Ont.—Canada's new governor-general—the Earl of Beasborough—will be the guest of honor on April 8, at a dinner tendered by Premier R. B. Bennett. Members of the government, the leader of the opposition, and members of the private council will attend the function.

## Man Without a Country

Department Of Immigration Decides To Admit Radicals To Canada

Ottawa, Ont.—John Radnaski, referred to as the man without a country, will be admitted to Canada, the Department of Immigration has decided. When he was stopped at the Detroit-Windsor border some weeks ago, his case "evaded" considerable public comment because, not only did the United States refuse him entry, but so did Canada. The order permitting him to enter this country went forward recently.

Radnaski came to Canada in 1914. In 1923 he went to United States, where he married an American woman. They had two children, whom, after his wife's death, Radnaski sent to Canada to the home of his parents. It was when he sought to follow them back to this country that he was stopped by immigration authorities.

## SIR JOSIAH STAMP APPOINTED HEAD OF GRAIN INQUIRY

Ottawa, Ont.—One of Britain's leading economic experts, Sir Josiah Stamp, was recently named as head of the royal commission to inquire into grain trading in Canada. Premier R. B. Bennett told members of the House of Commons that Sir Josiah will sail this week for Canada.

It was known that the British economist had been invited to represent the Dominion Government, but he had declined the offer.

It was first announced that he had accepted the post. The royal commission is to consist of three members, one of whom will represent the Grain Exchange and another is to be chosen by the private producers to represent the farmers.

Quintana has associated the name of Premier J. E. Brownlee with the position of grain growers' representative, but Mr. Brownlee has denied that he would accept the post.

Sir Josiah Stamp has for many years been regarded as an outstanding expert in financial matters. He has had a distinguished academic career and has frequently represented the British government on financial commissions. In 1919 he was member of the British royal commission on income tax, and in 1924 he was member of the committee on taxes and national debt, and in the same year was British representative on the Dawes reparations commission. Appointment of the royal commission has followed expressions of opinion in Western Canada that grain futures in the United States are detrimental to the best interests of the producers.

Recent indications are that work of the commission will be confined to an investigation of this subject, although it appears possible the scope of the inquiry may be extended to include whole questions of marketing of the wheat crop.

Less Unemployed  
London, England.—The number of unemployed persons in Great Britain on March 16, was announced by the government recently, as 2,599,823, a decrease of 52,104 over the previous week. The total figure is 1,017,871, more than at any time since 1919.

## MELODY MIKE FAN MAIL

From the far northern prairie, from city, town, village, isolated farm house, right across the Dominion from Halifax to Victoria, letters are pouring into Canadian Pacific Railway radio office, at Montreal, from admirers of the genial old soul who sends out his message of goodwill and kindly humor every Monday night. In one day in March, no less than 1,361 such letters were received and from 15,000 in a month, the figure has risen to close on 40,000. Photograph shows a portion of the radio department staff dealing with this huge fan mail as it comes in each day. The Melody Mike feature is declared by competent judges to be one of the most popular radio offerings on the continent.

## SOUTH AFRICAN GOVERNMENT

To Help Lower Deficit Of Post Office Department

Ottawa, Ont.—Voting a protest against the projected increase of postal charges on second class mail matter, a delegation of over 20 members of the Canadian National Newspapers and Periodicals Association conferred here with Hon. Arthur Meighen, postmaster-general.

The government has had before it for some time the proposal to increase the mail rates on second class mail matter, under which category are included newspapers and periodicals. For the current fiscal year the deficit of the post office department will likely range between five and six million dollars, and the proposal to raise the rate on newspapers has been advanced in an effort to overcome some of that deficit.

## Would Repeal Dry Law

Illinois Senate Passes Bill Repealing Prohibition

Springfield, Ill.—The Illinois Senate recently passed the bill repealing the prohibition law under the search and Seizure Act. In effect, it would withdraw all state support from the Federal Government in fighting illicit manufacture and traffic in intoxicating liquor.

The bill would repeal the state prohibition law under the search and Seizure Act. In effect, it would withdraw all state support from the Federal Government in fighting illicit manufacture and traffic in intoxicating liquor.

## Express Train Leaves Track

One Life Lost And Fifteen Injured In Wreck Near Swift Current

Winnipeg, Man.—Swift travelling Canadian Pacific Railway passenger train No. 3, westbound, hit a broken rail near Swift Current, Sask., and the cars, including four cars, plunged from the rails, down a 15-foot embankment.

There was one fatality—a 67-year-old Cleveland man, Manning P. Fisher, who with his family was en route to Vancouver from where he was to be sailed for China on a holiday. His death was attributed to shock. He died shortly after the derailment.

Thirteen other passengers occupied the sleeping and two members of the dining car staff, were cut and bruised when thrown from their berths. All escaped serious injury.

## Regina Winter Fair

Three Grand Champion and Reserve Champion Stallions Are Named

Regina, Sask.—Three grand champion stallions were named at the Regina Winter Fair. These were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

The reserve champion stallions were: Clydesdale, "Lochinvar," owned by John Falconer, of Gowan, Sask.; Percheron, "Colman," owned by C. M. R. of Regina, Sask.; Belgian, "Goliath," owned by C. M. R.

## May Increase Postal Rates On Newspapers

To Help Lower Deficit Of Post Office Department

Ottawa, Ont.—Voting a protest against the projected increase of postal charges on second class mail matter, a delegation of over 20 members of the Canadian National Newspapers and Periodicals Association conferred here with Hon. Arthur Meighen, postmaster-general.

The government has had before it for some time the proposal to increase the mail rates on second class mail matter, under which category are included newspapers and periodicals. For the current fiscal year the deficit of the post office department will likely range between five and six million dollars, and the proposal to raise the rate on newspapers has been advanced in an effort to overcome some of that deficit.

## Manitoba Pool Elevator Problem Is Under Way

Winnipeg, Man.—Burroughed by prominent counsel, including T. J. Murray, K.C., authority on the legal aspects of co-operative marketing, J. Williams, K.C., commenced a royal commission investigation into the operations of the Manitoba Pool Elevators Limited.

Procedures to be adopted in presentation of evidence has been settled. Commissioner Williams gave a compromise ruling which will permit Pool council to present documentary evidence in support of its case, and in special cases, the value of company officers in explanation of financial reports submitted.

It had been the intention of Mr. Murray and his associate counsel, Travers Westman, K.C., to present oral testimony on each document submitted, but this was objected to by Mr. Hudson, K.C., representing James R. Murray, Winnipeg grain authority, whose charges made to President Ben Bracken brought about the appointment of the commissioner.

Under the compromise ruling, agreed to by all counsel, the Pool elevators will file documents, and opposing counsel will be permitted immediate cross-examination of witnesses. The same ruling will apply when charges for Mr. Murray testify on the filing of documentary evidence.

Mr. Murray, who charged extravagance in the operation of pool elevators, and under-grading to the detriment of the farmer shareholders, was in attendance at the session.

In the country there are 11,000 farmer shareholders, operating 13,000 elevators, who are vitally interested in the probe, which is expected to last at least three weeks.

Both sides made clear that a "comprehensive" review of the pool elevators operations must be presented.

Mr. Murray, senior counsel for the pool, feared it was the intention of the Hudson call by the employees of the elevators only to substantiate the charges, and not to bring out the complete facts relevant to the whole case.

A strong impression might be created by the examination of only one document or witness, Mr. Murray. Incomplete examination might at least cause suspicion, and with keen rivalry existing between pool and non-pool elevators, lead to the circulation of propaganda calculated to break the confidence of shareholders.

"Confidence of shareholders is the life blood of the Pool Elevators, Limited," he said. "It must be maintained."

T. J. Thorton, K.C., associated with Mr. Hudson, declared it was not intended to create any unnecessary disturbance in the minds of shareholders. Everything must be presented in detail, not summaries, and not piecemeal.

## MARKET BOARD FOR WHEATS RECOMMENDED

Winnipeg, Man.—Establishment of a Canadian wheat marketing board was urged in the Manitoba legislature by Hon. R. A. Hoy, minister of education. Answering criticism of wheat pool operations, Mr. Hoy contended that a permanent markets board would have a vital and direct relationship to the recovery of agriculture in the west.

He also proposed, in speaking on the second reading debate on ratification of government pool loan guarantees that quality production should be insisted on and that products should be standardized from coast to coast.

Cash payment to the banks for the government's guarantee of the Manitoba Wheat Pool's indebtedness was urged by W. Stanford Evans (Ind. Con.), Winnipeg. He advised the government to float a \$2,000,000 bond issue to pay the banks in cash rather than to seek to carry the overdraft over a period of years.

Under such a plan, believed Mr. Evans, the pools would get a new start and would profit by their lessons of the past, altering the policy of speculating in futures, which, he contended, had been the pools' undoing. Most severe threat to the government in fighting illicit manufacture and traffic in intoxicating liquor.

Mr. Hoy, minister of education, replied spiritedly to Mr. Evans' statement, reviewed the formation of the pools and quoting Premier R. B. Bennett as saying, at Regina, that the pools had followed the wisest policy when they refused to come to the government for aid in adversity, said Mr. Hoy, farmers have been able to get on with extraordinary success by many other interests.

## Tourist Traffic Slightly Less

But Figures For 1938 Place Value At \$280,000,000

Ottawa, Ont.—Despite falling off from 1929 tourist traffic still remains a decidedly prolific source of income in Canada. Figures for 1930, estimated by the Dominion Bureau of Statistics, show the value of tourist traffic at \$280,000,000. This substantial figure, in the face of far-flung economic depression, was only \$28,000,000 less than 1929.

Automobile tourists from the United States increased in numbers, but apparently less than the drop in money. The estimated expenditure was \$202,409,000 as compared with \$215,577,000 in 1929. The conchance was that more than 100,000 tourists from the United States numbered 5,400,000 as against 4,508,000.

Canadian tourists abroad also were watching their pocketbooks. Automobiles carried tourists to the United States who parted with \$63,489,000, according to the estimate. This compared with \$65,051,000 in the previous year. Total expenditures abroad of all Canadians is placed at \$113,000,000 as against \$122,000,000 in the year of booming stock quotations.

## Temperance Forces Defeated

London, England. Following their recent defeat in attempting to introduce prohibition into Great Britain by act of Parliament, the temperance forces sought to curtail liquor served by hotels, bars, restaurants and country throughout the Isles, but the House of Commons rejected the move by a vote of 127 to 112.

## No Aid For Germany

Paris, France. Denunciation of the commercial treaty with Germany and a decision to abstain from financial aid constituted the possible policy of France toward Germany if she persists in carrying out an economic pact with Austria. The Associated Press was informed in official quarters.

## Child Was Narrow Escape

Winnipeg, Man.—A 45-caliber bullet, fired up in the air by an unknown person, dropped through the roof of a house occupied by Mr. and Mrs. P. J. Thorton, pierced the bedroom ceiling and landed on the blanket of the baby's crib. The bullet missed the child by inches.

## CITY MEAT MARKET

offers exceptional bargains in Swift's Premium Hams and Bacon. **HAMS**, whole or half, per lb. **28c**. **PEA MEAL BACONS**, by the piece, per lb. **35c**. **SIDE BACON**, by the side, 4 to 6 lbs. per lb. **40c**. **TRY A ROAST OR STEAK**—Nothing but grain-fed steers from our own feed lot.

### APPENDICITIS IN CHILDREN

Appendicitis, or inflammation of the appendix, is a comparatively common disease. It is not generally known that appendicitis is a serious and not infrequently fatal condition, nor is it understood that the disease may and does occur among children.

Evidence of both these statements is shown by the fact that 1300 or more deaths occur in Canada each year from this disease, and of this number, over one-third were those of children under fifteen years of age.

There are certain diseases, such as typhoid fever, which may be prevented by sanitary measures taken to safeguard water, milk and food supplies. Other diseases such as diphtheria and diptheria, are prevented by raising the individual's resistance to the disease by means of vaccination and immunization.

In certain diseases, of which appendicitis is a striking example, serious and fatal results can only be prevented by securing the right treatment and applying it early.

Proper early treatment has a great deal to offer, but it is, of course, without value unless it is applied. The physician cannot help those who do not come to him for his advice.

Unfortunately, the price of delay is frequently death. Delay in securing treatment, which weakens the condition to progress until the appendix ruptures, very often means the death of a child despite of all efforts made to save him.

When appendicitis occurs, there is pain and usually nausea and vomiting. Older children describe the pain as a cramp-like, and generally the first test is the child's own abdomen. Younger children cry as if in pain, and they seem not to feel the discomfort in any particular spot or part of the abdomen.

Unfortunately many parents and others who are responsible for the care of children believe that there is one right and proper way to treat a pain in the stomach, and that is by giving a dose of castor oil or some purgative. When a part is inflamed

nature puts that part at rest. The purgative sets the digestive tract to motion just at a time when it should be at rest. A pain in the abdomen should not be treated with purgatives.

To the parent it may seem that we are exaggerating the possible dangers of pain in the abdomen. Certainly every stomach-ache is not appendicitis. However, unless abdominal pain is always regarded as being serious, cases of appendicitis will go untraced and we, in Canada, will continue to record each year, among children, about five hundred deaths from appendicitis, practically all of which may be traced to procrastination and the use of purgatives in the presence of abdominal pain.

Questions concerning Health, addressed to the Canadian Medical Association, 124 College St., Toronto, will be answered personally by letter.

### Note Love, Son Henry

Love and Henry came into the life of Harry Somerset last, apparently he objected to their manner of arrival.

Elmer Love and Harry Love were in Love's car when he collided with Somerset's. All three were killed.

"Love," testified Somerset, "hit me in the jaw, and Henry kicked me."

### Path Healing

At an examination of a class in first aid, a member was asked: "What would you do if you found a man in a fainting condition?"

"I'd give him some brandy," was the reply.

"And if there was no brandy?"

"I'd promise him some."

Brown was making a visit to a friend who lives in the country. As they were walking through the field, they noticed a cow and calf rubbing noses in a bushy place. He spoke up: "The sight of that, makes me want to do the same thing."

"Go ahead," she replied. "It's father's cow."

The wild rose, Alberta's flower, has caught the fancy of the people of the United States. Recently, in that country out of more than one million votes to choose a national flower nearly half voted for the wild rose.

A far farmer claims to have developed a strain of odorless skunk. Now if someone would develop a strain of skunked pot, half the world would be something really worth while.

### A YEAR-ROUND HALF-HOLIDAY

The Board of Trade recently passed a motion that the town council be asked to amend the half-holiday by-law. A year-round half-holiday was asked in place of the existing half-holiday during the summer months only. The motion further provided that if the year-round half-holiday be not granted then the half-holiday be abolished altogether.

If the year-round half-holiday plan is not adopted we believe it would be a mistake to abolish the existing half-holiday plan. What is there to gain by it? If there is any merit in a year-round half-holiday then surely our existing summer months half-holiday plan should be maintained.

If the year-round half-holiday plan is adopted the year-round plan may argue that it would work a hardship on farmers during the spring seedling and fall harvesting seasons. During these seasons, when every lost hour may mean the loss of many dollars to the farmer, perhaps it would greatly inconvenience him if he were unable to get repairs and supplies on Wednesday afternoons.

As an alternative to the year-round scheme we would suggest that a plan be adopted providing for a Wednesday half-holiday every month in the year except April and May, and August and September, or whatever periods might better correspond with seeding time and harvest time.

MR. GARLAND UNDER FIRE (Calgary Alberta)

The Montreal Gazette has answered Mr. B. J. Garland's complaints about the unfair treatment he claims to be getting in the West.

In an editorial, that journal pointed out that the recent speeches of Mr. Beatty applied to the great Canadian enterprise over which he presides is doing its part to remedy conditions in the Dominion, as it has always done. The Gazette points out that the general recession in business has affected the revenues of the Dominion, and yet that it has maintained its position as Canada's largest taxpayer. A point omitted in the paper is the fact that, in the face of a business recession, the C. P. R. has decided to embark upon extensive expansion activities.

In these statements, the Gazette is right. Yet, when it comes to criticism of Mr. Garland, that publication destroys the force of what it has said.

"The West will recover, notwithstanding the slump in business," said such self-appointed spokesmen as Mr. E. J. Garland, whose delusional tale was told to the Canadian Club of Montreal on Monday.

The spirit of the west has been proven upon many occasions of temporary adversity and it is not spirit manifested by Mr. Garland. The West will emerge from its present difficulties, as it has done in times past, and will be better for its experience and the lessons which that experience teaches. The West was not made by men of Mr. Garland's stamp, but by men of courage and of self-reliance, and its future is safe in their hands."

Because Mr. Garland, an elected representative airs his views upon the question of Western welfare in no reason why he should be termed a "self-appointed spokesman," with the evidently objectionable connotation of that adjective. Neither can one justifiably draw invidious distinctions between Mr. Garland and those who built the West, to the question of Western welfare.

Because we may happen to disagree with a man's opinions is no reason why we should invite cowardice and lack of spirit, to him. It takes courage of a high order to be a journalist, especially in Eastern Canada where everybody is delighted to hear about the West's greatness at all that has been done for its benefit by Eastern financial interests.

We say disagree with Mr. Garland because of his attitude toward the people, but we have no reason to doubt his courage, self-reliance or sincerity.

## Copper Carbonate For Seed Treatment

The use of copper carbonate dust for the treatment of seed grain is coming into more common use every year.

It has been tested in Saskatchewan by Professor W. P. Fraser, professor of plant pathology, at the University of Saskatchewan, and has been found to be very satisfactory.

The method consists in dusting the seed grain with copper carbonate in the dry form. This dust is applied at the rate of from two to four ounces per bushel of grain.

In order to be effective the application and mixing must be done thoroughly so as to completely treat all of the seeds. As compared with the ordinary formalin treatment for covered seed, the copper carbonate has many advantages.

Copper carbonate does not injure the germination of the seed, but, on the contrary, better stands are secured, which in turn operate to kill out weeds in a very large extent.

It has been discovered that more vigorous plants are produced where this treatment is used. There is also no loss from holding treated grain, even when the time elapsed covers a period of years.

## KING TUT WHEAT

Inquiries have been made at the University regarding King Tut wheat which is supposed to have come from the tomb of Tutankhamen at Luxor, Egypt. It might be frankly stated that this is pure "bunk".

There is not the slightest possibility of an ancient wheat germinating today. This King Tut wheat is nothing more than a revival of the old swindle game of selling and buying wheat, as heretofore, with much misfortune to unsuspecting farmers.

The wheat is usually known as Egyptian, and belongs to the class Triticum durum. In the seed trade it is sometimes sold as Alaska, Miracle, Seven-headed, Egyptian Wonder, now as King Tut. Every few years some unscrupulous individuals seem to revive the old variety under a new name, and sell it at exorbitant prices.

## MR. GARLAND UNDER FIRE

(Calgary Alberta)

The Montreal Gazette has answered Mr. B. J. Garland's complaints about the unfair treatment he claims to be getting in the West.

In an editorial, that journal pointed out that the recent speeches of Mr. Beatty applied to the great Canadian enterprise over which he presides is doing its part to remedy conditions in the Dominion, as it has always done. The Gazette points out that the general recession in business has affected the revenues of the Dominion, and yet that it has maintained its position as Canada's largest taxpayer.

A point omitted in the paper is the fact that, in the face of a business recession, the C. P. R. has decided to embark upon extensive expansion activities.

In these statements, the Gazette is right. Yet, when it comes to criticism of Mr. Garland, that publication destroys the force of what it has said.

"The West will recover, notwithstanding the slump in business," said such self-appointed spokesmen as Mr. E. J. Garland, whose delusional tale was told to the Canadian Club of Montreal on Monday.

The spirit of the west has been proven upon many occasions of temporary adversity and it is not spirit manifested by Mr. Garland. The West will emerge from its present difficulties, as it has done in times past, and will be better for its experience and the lessons which that experience teaches. The West was not made by men of Mr. Garland's stamp, but by men of courage and of self-reliance, and its future is safe in their hands."

Because Mr. Garland, an elected representative airs his views upon the question of Western welfare in no reason why he should be termed a "self-appointed spokesman," with the evidently objectionable connotation of that adjective. Neither can one justifiably draw invidious distinctions between Mr. Garland and those who built the West, to the question of Western welfare.

Because we may happen to disagree with a man's opinions is no reason why we should invite cowardice and lack of spirit, to him. It takes courage of a high order to be a journalist, especially in Eastern Canada where everybody is delighted to hear about the West's greatness at all that has been done for its benefit by Eastern financial interests.

We say disagree with Mr. Garland because of his attitude toward the people, but we have no reason to doubt his courage, self-reliance or sincerity.

Egyptian wheat is easily distinguished by its branched head. This character gives it the appearance of being very productive, but as a matter of fact it does not yield as well as the commonly grown varieties of good bread wheats. It is of very poor milling and baking quality, for bread-making it is very undesirable.

If Egyptian wheat or any other wheat of the same type were grown to any extent in Alberta, it would have a most depressing effect on both the local and the foreign markets. Our export grain containing mixtures of such varieties would have lower milling and baking qualities, as well as commercial grade. High and uniform quality in Canadian export grain is now more necessary than ever, since the struggle in the world grain markets grows more every year.

## BASSANO CREAMERY

## Canada Must Win World Championships

World Championships in 1931 will be won by farmers who recognize that the standard and best quality in the production of exhibition grain is the best plan for securing the highest quality in the whole crop. Concentration upon a small plot in the best place for service to the public, with a crop is subjected to extra preparation—with more care probably than is possible to devote to the whole crop area—and so to the very highest standard of quality. This is the only way to secure for exhibition a really winning quality.

## The World's Grain Exhibition and Conference

REGINA, JULY 25 to AUG. 6, 1932

This great World Exhibition and Conference is organized by the Canadian Grain Growers' Association, and the Canadian Exhibition Association, to demonstrate the superiority of Canadian grain, crops, and products, and to secure a world-wide reputation for Canadian grain and products.

**\$200,000 in Cash Prizes**  
\$2500 a lot for 50 lbs. of wheat; \$5000 a lot for 100 lbs. of wheat; \$10,000 a lot for 200 lbs. of wheat; \$15,000 a lot for 300 lbs. of wheat; \$20,000 a lot for 400 lbs. of wheat; \$25,000 a lot for 500 lbs. of wheat; \$30,000 a lot for 600 lbs. of wheat; \$35,000 a lot for 700 lbs. of wheat; \$40,000 a lot for 800 lbs. of wheat; \$45,000 a lot for 900 lbs. of wheat; \$50,000 a lot for 1000 lbs. of wheat.

All exhibitors must recognize that the standard and best quality in the production of exhibition grain is the best plan for securing the highest quality in the whole crop. Concentration upon a small plot in the best place for service to the public, with a crop is subjected to extra preparation—with more care probably than is possible to devote to the whole crop area—and so to the very highest standard of quality. This is the only way to secure for exhibition a really winning quality.

## What is a Life Worth?

You cannot place a monetary value on human life. It is impossible to measure the value of life in dollars and cents.

But there are times when you go to the drug store and for a few cents purchase a prescription that will save a human life or relieve suffering in time of sickness or accident.

Think of the implicit faith placed in the druggist in his skill as a dispenser, in his honesty and integrity in using only the best ingredients in the prescriptions he fills and the drugs he sells.

### TOURIST TRADE IS BIG BUSINESS

American car owners are expected to spend approximately \$250,000,000 while touring in Canada this year. This is the estimate of the touring bureau of the Detroit automobile Club, based on recollection and statistics of expenditures by American motorists in various countries during the past few years. In all, the American motorist will pay out more than \$2,000,000,000 while he is driving in his own country, and Canada, Mexico and Europe in 1931, according to the statistical experts. Europe's share of this will be \$1,000,000,000, and Mexico's, \$500,000,000.

### TELLS PROPER WAY TO STEER A CAR

Holding a steering wheel is an art in itself, according to E. W. Seasholtz, chief engineer of the Cadillac Motor Car Company, under whose direction the fundamental principle of steering was developed for the Cadillac V-16. Mr. Seasholtz offers the following suggestions: For the best control at high speeds—the two hands should grasp the wheel at points approximately opposite each other. The palm of the left hand should be under the rim with fingers gripping upwards, thus allowing the left arm and hand to serve as a brace. The palm of the right hand should be on top of the rim, with the fingers gripping downwards, thus affording the greatest and most quickly available leverage. For the most comfortable position—both hands should rest lightly, with palms down, on the lower section of the steering wheel, driving with one hand, or steering by holding the spokes of the wheel may be resorted to as an occasional measure of comfort, but is a bad

practice owing to the fact that it makes control of steering difficult in an emergency. "There is no feat more vital to comfort than ease of steering," Mr. Seasholtz states. "Cadillac's efforts to obtain the maximum ease were crowned with a real measure of success when the harmonized system was devised for the Cadillac V-16. This eliminates all wheel shimmy and road vibration and enables even the most delicate woman driver to steer the car at high speeds without fatigue."

### DARK SHADERS MOST POPULAR FINISHES

Black and dark shades are playing an important part this year in automobile finishes, according to reports from General Motors of Canada Territory officials. These indicate a trend towards softer and more subdued shadings than has been apparent for several years. The more extensive use of chromium plating on exterior fittings is given as one reason for the tendency toward darker finishes. Chromium plating, which holds a lustrous blue-white finish during the life of the car, has increased effectiveness when given a dark background. More pronounced colors continue in demand for the smart model cars. Even here, however, black is being used to advantage as a contrasting secondary trim color.

Silas: "What's that I hear, Hiram about your hired man falling off the roof when he was shingling the barn last week?"  
 Hiram: "Yeh! He fell in a barrel of turpentine."  
 Silas: "Did it hurt him much?"  
 Hiram: "Don't know. They ain't caught him yet."

## Local News

Mr. M. Lee returned last Monday from Regina where she was visiting for some time her daughter, Mrs. L. Toth.

## Rosemary News

Rosemary, April 5—The Ladies W. I. are giving an Easter concert Monday evening, April 6, at 8 p.m.

Miss Faye Robinson and Mr. Malcolm are leaving tonight for Calgary and Inuit to spend their Easter holidays.

Ed Simmons went to Calgary Tuesday.

Mr. and Mrs. T. Adams, and Betty, Mr. and Mrs. Claude Narum and family and Scotty Florence spent Sunday as guests of Mr. and Mrs. White, C. Douglas of Gen. was in the colony Sunday.

Mr. and Mrs. R. Eastman and Mr. and Mrs. Nella Twiss spent Sunday with Mr. and Mrs. R. Norison. Ray Graham returned Tuesday from his visit to the East.

A carload of cattle was shipped from this point Tuesday.

Mr. and Mrs. J. Adams, and Mr. and Mrs. Wm. Twiss spent Sunday with Mr. and Mrs. Bryson.

Mr. and Mrs. R. Eastman and children motored to Calgary Wednesday. Art Peterson and Jack McClelland went to work on the C. P. R. camp last week.

THE IMPORTANCE OF USING  
RASPBERRY CERTIFIED STOCK

(Experimental Farms Note)

In order to avoid disappointing results in new raspberry plantings growers are strongly urged to use Government certified raspberry stock for setting out. This is recommended because it is realized that certain serious diseases of the raspberry are commonly spread through planting canes from diseased parent plants. These diseases, mosaic and leaf curl are known to cause reduced yields, inferior quality fruit and in addition, are contributing factors in killing back and death of plants.

From a study of these diseases over a number of years it has been repeatedly demonstrated that the prevalence can be greatly reduced by the use of certified stock that is known to be free from disease. Such stock has received rigid inspection during the growing season and found to be free from mosaic or leaf curl and when used for planting out will produce vigorous, healthy plantations which will remain profitable for a long time. On the other hand, where stock for planting is secured from an unknown source the possibility is that the new plantation will contain high percentages of disease. Such plantations have at best a poor start. Diseased plants will be stunted and weak, eventually dying or producing reduced yields. In addition they provide a source of further infection to remaining healthy plants and as the spread is quite rapid in a plantation a short time will see its production unprofitable. Avoid such results by using certified stock, thus insuring a healthy start to a plantation which will continue profitable a greater number of years.

The inspection and certification of raspberries is carried on annually by the various branches of the Division of Botany. This service to the growers is free of charge and full information concerning its features will be furnished on request to the Dominion Laboratory of Plant Pathology, St. Catharines, Ontario, or to the Division of Botany, Central Experimental Farm, Ottawa.

## CROWFOOT NEWS

CROWFOOT, April 2—Even though the weather was stormy and quite cold last week large flocks of geese were seen in this vicinity.

Mr. and Mrs. Lee Cronin were

Queensdown callers last Sunday.

Mr. and Mrs. F. Bulger and Lois

were callers at the home of Mr. and

Mrs. Elton Heyford last Sunday.

STORE

Another session just closed has been one of the most important and liveliest in the legislature for a number of years.

lending of eleven members, so well that it has on several occasions left the government feeling anything but comfortable over the issue.

Of course with a majority such as the Brownlee government still enjoys in the legislature it is not to be expected that adverse vote against the cabinet's policy on any issue would be obtained. But despite this discouraging feature of the situation the Liberal chief has kept his followers harrying the administration with the object of making its few faults obvious to the electorate and thus laying a foundation for a strong come back at the next election.

In his criticism of the government and his revelation of maladministration in connection with the cooperative the Liberal leader served the province as well as his party a good turn. Even the adroit and convincing reply of premier Brownlee did not leave the air quite clear about the cooperatives and some credit must accrue to Mr. Webster as this following for the appointment of an audit of these societies.

In the Liberal attack on the fiscal agency scheme of the government, which was led by W. B. Howson of Edmonton, the people of the province were served well, despite the fact that Premier Brownlee and Hon. R. J. Reid, provincial treasurer, were able to present a convincing defence of the administration's side before the house. The necessity for the strictest economy was stressed and the government warned as to the danger of recklessness and needless expenditures.

Other questions brought up in debate were valuable in the same direction—the question of travelling expenses for the heads of the departments and ministers generally, the close scrutiny of the various estimates—in the budget proposals.

The Conservative group in the house were also active in the opposition, although not quite as consistently opposed to the policies of the administration, on more than one occasion they voted with the government as opposed to Liberal moves. Perhaps it would only be the truth to admit that the leadership of D. M. Duggan has not been as aggressive or as sagacious as it might have been. Certainly the group he led has not left its mark on the character of the session as the others have.

The last striking gesture of the administration this past week was premier Brownlee's move to urge the passing of 79 extra bushels on the federal government. What will come of that it is not possible to say, but it may that good will follow for the province.
